## FOOTBALL TEAM NOW IN EARNEST PRACTICE

### FIRST SCRIMMAGE WILL BE BETWEEN HIGH SCHOOL FRESHMEN AND EIGHTH GRADE

With their field cleared, and suits in prospect, the high school football team has settled to real earnest work. The freshman team has been assigned and diligent practice in signal work is under way. Coach Cross for the grades and Coach Walker for the high school are now working to provide a scrimmage each Friday evening, to which all are invited. The girls of the high school will attend practice on this occasion to lend encouragement to the boys, and to perfect a rooting section of songs, and the customary squeals. This plan will be inaugurated definitely a week from Friday, there being some doubt as to the teams' preparedness this week. The first scrimmage will be high school freshmen against the eighth grade. The teams are evenly matched and a real interesting contest is assured.

## RICHARD M. SANDERS GOES AFTER THE COIN

### ALLEGED TO HAVE CASHED FIVE CHECKS, NONE OF WHICH WAS ANY GOOD

Richard Marvin Sanders found himself in need of funds Saturday afternoon and also possessed of an intolerable thirst which the water in the public font would not satisfy. In some manner he possessed himself of a Campbell & Kelly check book and he proceeded to fill in the blanks right and left, up and down. In all he wrote, or is charged with having written, five checks, each for \$24. They were cashed at the following places: Bank saloon, Tonopah Liquor company, Stag Bar, Golden Rule store and Tonopah club.

Chief of Police Evans took up Sanders and relieved him of about \$92 which he had not spent. He was given quarters in the city jail that night and the next morning placed in the county jail. The charge placed against him is uttering bad checks. He will have a hearing before Justice Dunsen late this afternoon.

## GYPSIES COULDN'T DO BUSINESS HERE

"Well, I guess here's where I get crummy," lamented "Brookie" of the baggage department of the Tonopah & Goldfield railway this morning when he saw a dray back up with the bags and baggage of the gypsies, whom Chief Evans had refused a license to practice palmistry, soul reading, phrenology and other subjects involving the gentle touch. The vari-colored gang was not greeted with effusion by the trainmen, for they had only a small amount of entomocide on hand and even with the windows all open breathing was not pleasant. Well, "de gang has went," and "Bill" Evans is deservng of credit for securing its speedy departure.

## "MULES NOT RAISED TO BE RACE HORSES"

The rush is on to Oatman, Ariz., from Nevada as well as other places. Among the Tonopah people who started on the stampede were George Blatz and R. C. Nichol of Tonopah. They made a good start, but ran up against a snag before getting very far, as witness a postal card received from them by Charley Taylor: "We made it fine as far as Beatty, where we got off to get some supper and while we were immersed in ham and eggs, the flier departed. Perhaps we may be able to exist here twenty-four hours and perhaps not, but at all events, one thing is true, you can't make a couple of racehorses out of a span of mules."

## TAKEN TO ASYLUM IN HOPELESS CONDITION

### WOMAN PAYS PENALTY FOR THE ILL CONDUCT OF ONE WHOM SHE LOVED

One of the last chapters in a sad case was written this morning when Mrs. Ellen Rosa was taken from Tonopah to Reno by Miss Margaret Burns, matron of the Nevada state hospital for mental diseases. The woman was the widow of a Goldfield man who is said to have left upon her the impress of a horrible ailment, which almost invariably results in insanity.

Upon the demise of her husband, who left her destitute, she sought work and went to Reno and then came out to Round Mountain, where her physical ailment became mental and she was attacked with what is known as confusional insanity. An examination was conducted Saturday and the unfortunate woman was pronounced insane by Dr. Richards and Judge Averill consigned her to the asylum. It is one of the saddest and most tragical cases of insanity that has ever been held before the court.

## SCHOOL SETTLES DOWN TO ROUTINE PROGRAM

### LABORATORY WORK TO START THIS WEEK—OFFICERS TO BE ELECTED

At a meeting of the Tonopah School of Mines held Saturday evening nominations for officers of the student body were closed. Balloting will take place at a meeting next Thursday evening. The officers will have tenure for six months.

The school has settled down to the routine of term work. There are 28 students registered. Preliminary instruction in chemistry having been given, laboratory work will begin by the middle of the week.

In the work of fitting up the laboratory the students have not drawn upon the state funds at all. That part of the material which was not donated by the mining companies and the Tonopah school district was paid for by the students themselves. President Hendrick of the University of Nevada and Dr. Lincoln, dean of the Mackay School of Mines, will be out from Reno some time this fall to look the school over.
